

# MORE FUN WITH NUMBERS (AND NUMERALS)!

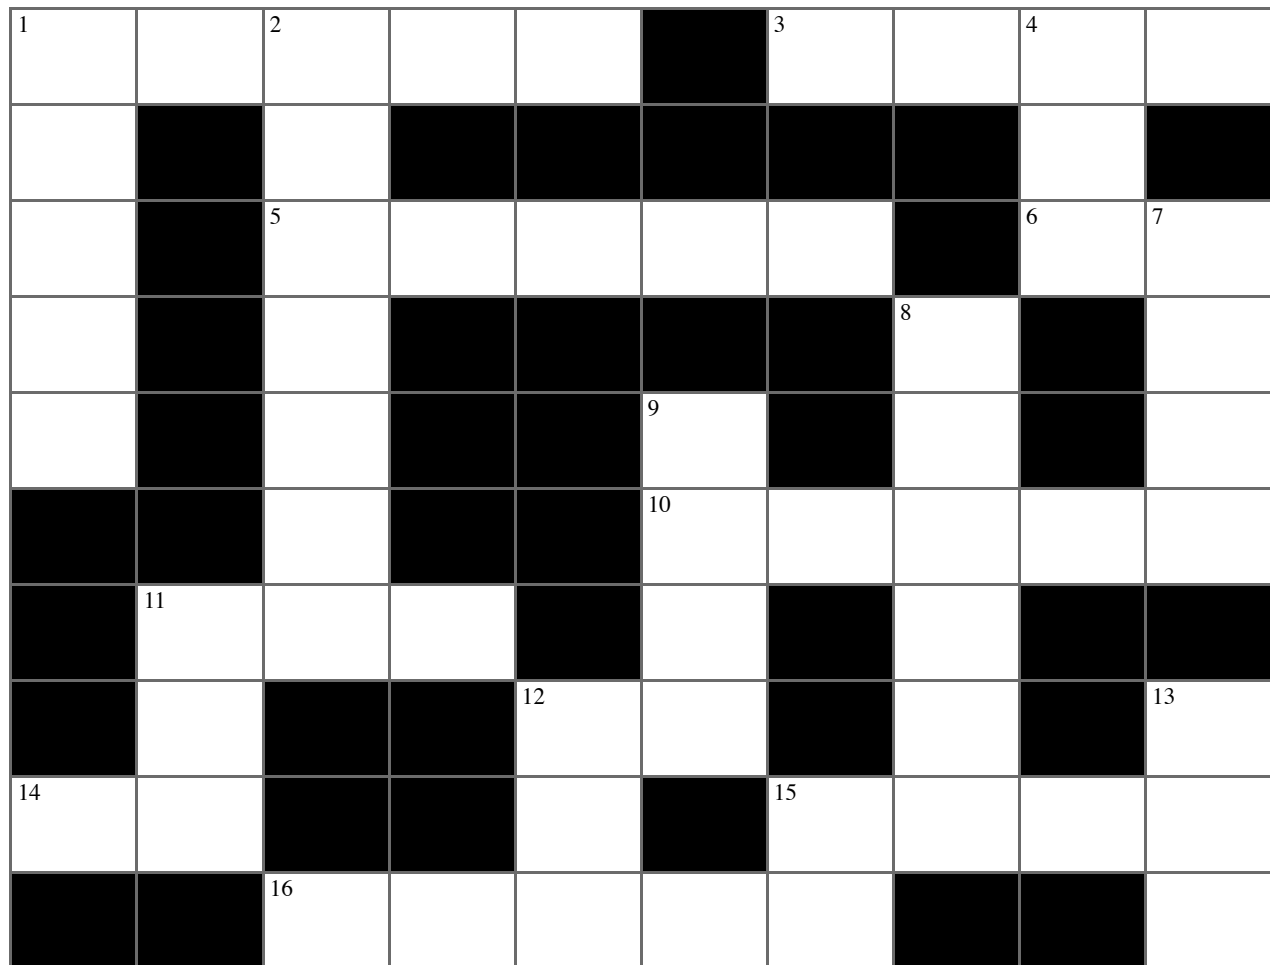

To complete the crossword puzzle, use the Roman numeral symbols listed below. Notice that in addition to the three symbols you've already learned, a fourth symbol is included—the **L**. The **L** represents the number 50. With this additional symbol you can write any number below 100!

I = 1

V = 5

X = 10

L = 50
